Course Approach & Requirements

You will be required to sign a confidentiality agreement to allow everyone safe participation in class sharings & discussions. Please bring to each class a lying mat, notebook, pen + open mind.

The course is fully Holistic [Mind, Body, Emotions, Spirit] – not just a 'talking shop' for quitting antidepressant or tranquiliser dependency - the emphasis is on self-transformative experiential exercises rather than information or ideas. There will be gentle and supported co-creative and interactive group activities. It is supportive of natural self-healing and personal development. Each class is accompanied by a follow-up email giving access to supplementary online resources.
